Registration for the general public will open on Thurs, Jan 31, starting at 8am. Our currently enrolled students are able to submit their paperwork and registration fee Jan 24-30. During our current school year we have an enrollment around 150 children and 11 different classes. Actual classes may vary as we have the flexibility of adjusting classes depending on demand and space. After Jan 31, registrations will be ongoing throughout the year until classes are filled. We also maintain a waiting list until there is enough interest to open additional classes or to fill slots as they become available.
